Hi there,

Welcome - and thank you for downloading your Special Report for The Xtreme Postcard Profits System ("XPPS") program... the most \*POWERFUL\* home-based wealth-creation system on the planet today.

The XPPS program gives you an unrivalled opportunity to generate yourself an **amazing substantial income** that can grow to literally **ANY LEVEL YOU WISH**... and without you having to do **ANY** online or internet marketing whatsoever.

Yes, you might find that **hard to believe** right now... especially this day and age when virtually every other home-based business out there is pushing you into doing pay-per-click advertising, e-zines, email blasting, search engine optimization, Craigslist, social networking and everything else... but the fact is, for 99% of people out there – **and that probably includes you** - marketing on the internet is a TOTAL waste of time & money!

Yes... the internet itself may well be one of the most amazing inventions ever... and sites like YouTube, MySpace, Twitter, Ebay, Google (and a few others) are *excellent sources of information and entertainment* - *but the fact is that* marketing solely on the internet is one of the hardest things to do... and for most people it's the quickest way to the poor house!

There are basically just a handful of hot shot "geeks" that control the Internet and that are making the really big money - they're the ones that tell us the long tales featuring "The Ex Pizza Delivery Guys", "The Penniless Immigrant" and "The Clueless College Dropouts" who were broke penniless bums 6 months ago, but are now multi millionaires. You've all heard the stories?... maybe you even bought the products too?... right?... but the fact is, nearly everyone is getting **OBLITERATED** out there!

Like it or not, there's just NO duplication going on. It's just a handful of people making all the money and trying to convince others (that don't have the skills or financial resources they have) that they can just *sit around in their PJ's all day and rake in \$100,000+ a month* just like they do. In other words, **it's total BS**, and it's just **NOT** gonna happen for 99.9% of people.

The good news is - I'm here to tell you that **THERE IS ANOTHER WAY!** It's a method that's been tried, tested & proven for well over 100 years now... and that method is simple **OFFLINE MARKETING** using direct-mail, cheap little postcards and cheap press ads.... that's right... simple OFFLINE MARKETING using direct-mail, cheap little postcards and cheap press ads that even a child could do.

It's no big secret folks... huge multi-million dollar fortunes have been built this way over the last century, and continue to be built today, using the exact same methods I just mentioned.

Let me get one thing straight though. I'm **not** saying you should unplug your PC and throw it through the nearest window (*even though we've all come close to doing that at some stage*)... nor am I saying you should bypass the Internet altogether. Not at all... because it's a great communication and automation tool. So the whole objective of your offline & postcard mailings will be to *whip your prospects up into a frenzy and drive them to the website we provide you with* -which I'll covering in a minute.

Ok.... so how does all this fit in with the XPPS program? Simple.

After registering with the program, you'll have **instant access** to our main flagship product... that being the XPPS Postcard Marketing System... and no, this is not just some re-hashed bundle of downloadable software, or crackly audio recordings & e-books that you would never read even if they were the only books on your PC. Far from it.

**The Fast-100**  
**Xtreme POSTCARD PROFITS SYSTEM**  
 Your direct route to generating **\$5,000+ WEEKLY**  
 by mailing out cheap little postcards...

Instead, the XPPS Postcard Marketing Course you'll have access to will give you all the **hard-core nuts & bolts information you'll need** to propel your XPPS business (and your income) to new heights.

What's more...this **very same information** will not only enable you to explode the income from your XPPS business, but you'll also be able to use the same information to market **any other** home-business program, product or affiliate program you're currently involved with!

You can get a full detailed overview in the main website... but very briefly it includes:

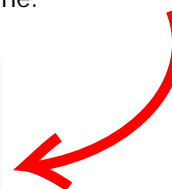

\*\*\* **Access to over 20 proven XPPS postcard templates (and XPPS flyers) - instantly downloadable and fully personalized** with your required details...

\*\*\* Access to our **automated postcard & flyer direct-mailing services**... where the entire process is handled on your behalf... including the printing of the postcard, acquiring the red-hot buyers mailing list, the postage and delivery into the mail system. We can currently mail postcards & flyers into the US and into the UK – and we have additional countries in the pipeline right now. Our vendors can also print & ship the postcards to you so you can handle your own campaigns (as you wish)... **PLUS** access to the "Best of the Best" **proven buyer mailing list brokers** & resources...

\*\*\* The very best **newspaper advertising** resources together with dozens of pre-written pre ads you can use...

\*\*\* Our **XPPS Video Training Suite & regular audio/video updates**...

**PLUS**... you'll be invited to our special "**Inner Secrets**" **Vault & Members-Only XPPS Marketing Blog**: This is where we answer all our members' most frequently asked questions **and** spill the beans on all the most **closely guarded secrets** of the direct-mail industry... including all the tips, tricks & techniques. Heck - we'll even show you how to generate a massive profit from any mailing you carry out (for any product or program) even if your initial mailshot only breaks even! This is one of **THE** biggest secrets to generating an offline fortune.

You'll also have access to additional killer order pulling sales copy, professionally crafted by our own in-house team of seasoned copywriters and designers... including **drop cards... sales letters... display ads - and much much more**. They all pull like crazy... and you can also include our **recorded information** lines and **sizzle call numbers** in your promo materials so all your prospects can dial in and listen to a powerful overview of the XPPS program... **and that's all included in the package!**

By the way - we've also included an XPPS online marketing module for any members that want to spread the word online – but like I said earlier, that is purely optional.

Ok... that's the main XPPS Postcard Marketing System covered. I always like to cover that first so you can see the **REAL VALUE** in the main product you'll be purchasing – and how the information in there, just like I said earlier, not only enables you to explode the income from your XPPS business, but also enables you to ramp up the profits from **any other** home-business program, product or affiliate program you're currently involved with!

**So let's now look at one of the most exciting parts of the program... and that is... HOW YOU'LL MAKE MONEY with the Xtreme Postcard Profits System program --- and lot's of it!**

Ok. **To join the XPPS program**, you'll first need to send **\$100 to your sponsor** (to purchase access to the Main XPPS product) and a further **\$100 to their sponsor** (to purchase the resale rights & license to the Main XPPS product).

You'll also need to plug yourself in to our **XPPS Total Automation Website Package**, for just **\$49 a year**. No monthly fees. No hosting fees. Nothing else to buy and no "hidden extras". (we'll come to this in a few minutes)... so to be **fully up & running** with the program will require a total outlay of just **two hundred and forty nine dollars**. Just like we fully covered the product, we also like to cover the total start-up cost too, for full transparency.

Now... as a fully-paid registered XPPS member, you'll make **\$100** each and every time you refer a new member to the XPPS program.... or put another way... you'll make **\$100** each and every time the XPPS flagship product is purchased directly from **your** website.

Now, you might be thinking that \$100 isn't a lot... but if your websites (coupled with your offline marketing) generate just 10 sales a week, you'll earn yourself **\$1,000 a week**... or if you generate say 20 sales a week that'll put an extra **\$2,000 a week** into your pocket... which is equal to over **\$8,000 a month!**

**Now let me ask you... would an extra \$4,000 to \$8,000 a month make a difference to your life? Sure it would!**

**It'd make a HUGE difference to most people's lives!**

And remember... you can also start making money **on your very first day with the XPPS program**... because there are **no pass-up or qualifying sales required**... so you'll make a cool **\$100 profit** starting from the very **first** product sale your website generates. No more giving away profits and no more losing out on commissions.

### **BUT THAT'S ONLY HALF THE STORY...**

Bear with me here **because this will blow your mind** and probably give you sleepless nights, just like it did for me when my sponsor first explained it to me.

So yes... you'll make **\$100** each and every product sale you make... and this where the real magic begins... **because you'll also receive a further \$100 every time ANY of your personally referred XPPS Team members make a sale too!**

For example... if you refer Gary into the program and he starts off with a mailing of 1,000 postcards - and gets just a 1% conversion rate... Gary will generate 10 sales at \$100 a time and make himself \$1000... (and no doubt he'll be over the moon)... **BUT** as Gary's sponsor, **that also means \$1,000 for you too!**

By being Gary's sponsor (or partner as we like to call it)... and by helping him get started... **you've** been rewarded by receiving **\$100** from **every sale** Gary made... **and that will continue for each and every sale Gary generates** throughout the course of his XPPS business!

That's thanks to our patented **Xtreme Lifetime Residual Leverage System**, which enables you to receive **an immediate \$100 bonus override** on **each and every referral** generated by **your** personally referred XPPS Team members!

This in itself is an ultra-powerful built-in feature which could easily enable you to generate an additional several thousand dollars monthly from **each and every personal referral you make**.

Want another quick example?

Ok... say you only referred just **5** new members to your XPPS Team - and they each start out with a mailing of just **500** postcards each, and they get a **1%** conversion rate... each Team member would generate 5 sales (\$500) for themselves, and in turn generate you \$500 too!

In total you would receive **\$2,500** that week from the efforts of your personally referred XPPS Team members. Over the course of a month, that equates to a massive **\$10,000 income** for you - **and you never even mailed a single postcard yourself!**

Just think about that for a second. I mean... can you even start to imagine what will happen once you've arranged your first few postcard mailings and you have a personally referred XPPS Team of say 10, 20 or 30 members (or even more) - each mailing out 500 or more postcards every week?

Try out the **MONTHLY RESIDUAL INCOME CALCULATOR** in my main XPPS website to see for yourself just how immensely powerful our **Xtreme Lifetime Residual Leverage System** really is... and prepare to be amazed!

By the way – do you know of **ANY OTHER PROGRAM OUT THERE** with a \$249 total start-up cost, where you could refer only 5 people and realistically generate yourself a \$10,000+ monthly income **without** any marketing expenses and **without** any effort on your part? I certainly don't.

Make no mistake... **The Fast-100 Xtreme Postcard Profits System** really does have the potential to generate you a really substantial income that can grow to literally any level you wish over the months and years ahead.

So... let me now give you a brief overview of everything you'll receive once you become an XPPS member...

We already covered the XPPS flagship product module earlier... so let's look at the **XPPS Total Automation Website Package**, which will be instrumental in the success of your XPPS business over the months and years ahead... and which you can plug yourself into for just **\$49 a year**. No monthly fees. No hosting fees. Nothing else to buy and no "hidden extras".

Ok... your **XPPS Total Automation Website Package will include all of the following:**

**Your XPPS Opt-in Pages** – this is where all your prospects will arrive after taking action and responding to your postcard mailing (or press ads). It gives them a very brief overview of the XPPS program and invites them to submit their name & email details in order to visit your main XPPS website. You also have a choice of fully-brandable opt-in pages you can use.

**You'll also receive your Main XPPS Website** --- which fully details every aspect of The Fast-100 Xtreme Postcard Profits System program, including the product, income potential & FAQ's together with movies, member testimonies and a whole lot more. (This is the website you are in right now). Interested prospects can then fully evaluate the business then proceed to sign up directly through the site.

You'll also have the option to **PERSONALLY BRAND** both your main website and your opt-in pages with your own **name & contact details** and your own **movie** is you wish... enabling you to truly connect with your prospect by letting them know who you are, and why you are the right person to team up with!

**Finally you'll receive your XPPS Back Office Website** --- a password-protected site contains a wealth of business & income building tools especially tailored to marketing your Xtreme Postcard Profits System business OFFLINE... including -

\*\*\*Access to our **XPPS Co-op Advertising Program**...

\*\*\*Unlimited usage of our recorded **information lines, sizzle calls, member calls & prospect calls**...

\*\*\***Instant email notifications** from our system every time a prospect opts-ins and/or registers to join...

\*\*\*Full real-time daily, weekly, monthly & overall **detailed stats reporting** on all your opt-in prospects & XPPS sales...

# The Fast-100 Xtreme POSTCARD PROFITS SYSTEM

Your direct route to generating **\$5,000+ WEEKLY** by mailing out cheap little postcards...

- \*\*\* An **ad tracking code module** to enable you to track profitability of all your promotional campaigns...
  - \*\*\* A complete ready-to-roll **Autoresponder system** - already fully loaded with a series of professionally written high-conversion follow-up messages, all of which include direct website links back to your main XPPS website - (no set up, installations or additional monthly fees required!) You can also use your own Autoresponder system, messages & opt-in page if required...
  - \*\*\* An **internal Message Center module** so you can instantly send an internal email/message to all your XPPS Team members (no more getting email blocked or having them bypass your Team members)...
- And...**
- \*\*\* You'll have **unlimited access to our dedicated backup & support module**, and much much more.

From The Home Office Of:

Hi there!

It's time to wake up in the end.  
The realization of one important fact.  
Marketing on the Internet SUCKS - big time.

Burn it's great getting stuck into web "2.0" and "3.0"... having a good SEO strategy... moving into social networking, articles submissions, PPA, back links, "email blasting", Craigslist stuff & blogging, coupled with a good PPC & CPA campaign and you'll like...

...well, it's great - providing you're an internet expert and you know all the various strategies & techniques and you have very deep pockets... but to the average person out there it's another language altogether and a total waste of time & money.

Here's the thing - nearly everyone and their grandmother is trying to market on the Internet these days and the cost of making it from being so good... there are basically just a handful of people "stuck" that control the Internet and that are making the real money... they're the ones that tell you how long it's taking "This or That Delivery Guy", "The Peninsula Impassant" and "The Quince College Dropout" who have broke promises to you & made you feel like you're "in the millennial".

You've read the adme as, right?

The fact is, nearly everyone is getting OBLITERATED out there like it or not, there's just NO duplication going on. It's just a handful of people making all the money and trying to convince others that don't have the skills or financial resources they have that they can just sit around in their 20s all day and make in \$200,000 a month just like they do. In other words it's total BS, and it's just NOT gonna happen for 99.9% of people.

Not enough "You'll like, MySpace, MyBlog, MySite, Google (and a few other sites) are useful and a tremendous source of entertainment" - but that's in a nutshell.

So what's the solution?  
Here it is:

**THE "BIG SECRET" TO MAKING MASSIVE AMOUNTS OF MONEY IS NOT ONLINE AT ALL! IT'S THROUGH THE POWER OF CONVENTIONAL "OLD FASHIONED" DIRECT MAIL!**

...or to be more specific - mailing out **cheap little postcards** to generate interest and (in turn) generate yourself massive profit.

I would hardly believe it either when I first heard it... but the thing is, we've been so accustomed to "online" being the only way to go that nearly everyone has totally bypassed the tried & tested, old-fashioned, "old school" way to make money.

This is the very same marketing method that's been used successfully for over 100 years, and it's one of the major ways that a handful of individuals generated themselves a multi-million dollar fortune - even way back then!

I'm talking about marketing legends like Albert Walker, John Kennedy, David Ogilvy, John Caples, Robert Collier, Claude Hopkins, Eugene Schwartz & many more!

...and more recent marketers like Ted Nicholas, Joe Sugarman, Drayton Bird, Dan Kennedy and "The Prince of Penn" - Gary Halbert.

Do a quick Google search on any of them and you'll see for yourself that
